Analysis

2013-14 Data

- Year 1 – 0% of children attending a sporting club REGULARLY – target for 2014/15
- Year 2 – 36% of children attended dance (only club available) – target for 2014/15
- Year 3 – 52% of children attended a club, 40% attending regularly
- Year 4 – 54% of children attended a club regularly
- Year 5 – 85% of children attended a club regularly
- Year 6 – 71% attended a club regularly

2014-15 Data

- Year 1 – 40% of children have attended a club - +40%
- Year 2 – 36% of children have attended a club - +36%
- Year 3 – 40% of children have attended a club - -12% (ensure more clubs for year 3 spring/summer and target children) BUT 4% more children from this cohort are attending clubs compared to when they were in year 2
- Year 4 – 42% of children have so far attended a club - -12% (ensure more clubs and target children) 10% less attending clubs compared to when they were in year 3
- Year 5 – 65% of children have attended a club - -20% BUT 11% more children are attending clubs compared to when they were in year 4
- Year 6 – 83% of children have attended a club - +12% on last year's year 6. 2% less are attending a club from when they were in year 5

2015-16

(337 children on role including reception.) approx. 282 for the purpose of this data

Key findings

193 children across school from Year 1-Year 6, currently take part in extra-curricular school sport. 68%

16 SEN taking part in extra-curricular school sport out of 36. 44%

85 PP taking part in extra-curricular school sport out of 124. 69%

126 children across school from Year 1-Year 6, currently take part in out of school sport. 45%

8 SEN children take part in out of school sport out of 36 on SEN register. 22%

49 PP children take part in out of school sport out of 124 PP in the school. 40%

- A huge improvement on intra-competitions over 3 years. A 100% improvement for all year groups being able to participate in intra-competitions other than Sports Day.

- Data recorded from this year shows that we need to target clubs at KS1 as percentages of participation remain below those of KS2. This has been a 3-year trend; however, it is improving. The reason for the difference in participation maybe due to the lack of KS1 clubs in comparison to KS2 as KS1 Children are more tired by the end of the school day and have previously found clubs a big commitment.

2016-17 (347 children on role including reception). Approximately 288 for the purpose of this data

Key findings

- 76% of children across school from Year 1-Year 6, currently take part in extra-curricular school sport. This is an 8% increase from academic year 15-16.
- 55% of SEN take part in extra-curricular school sport. This is an 11% increase from academic year 15-16.
- 73% of PP take part in extra-curricular school sport. This is a 4% increase from academic year 15-16.
- We have maintained a 100% participation rate on intra-competitions over 2 years. Also 100% participation maintained for all year groups being able to participate in intra-competitions other than Sports Day.
- 43% increase for overall participation rates in Year 2 from their recorded rates in Year 1
- -21% decrease for overall participation rates in Year 3 from their recorded rates in Year 2. However, 23% is evident for those children accessing sport outside of school.
- 1% increase for overall participation rates in Year 4 from their recorded rates in Year 3
- 25% increase for overall participation rates in Year 5 from their recorded rates in Year 4
- Maintained 100% for overall participation rates in Year 6 from their recorded rates in Year 5 and also increased the percentage of children attending out of school sport by 2%.

Targets

- Offer school timetabled clubs for KS1 to increase number on children involved in sports in lower year groups. Participation rates have however, improved in Years1 and 2 since academic year 15-16.
- Continue to target least active children which specific sports and fitness clubs. Continue to widen variety of sports clubs we offer and look to improve taster days of sports for all children with the intention children take up these sport outside of school.
- All children to be placed into a sports house team and to compete termly to gain points for their house.
- Termly sports taster days for all children with a clear focus on sports not taught in the school P.E overview.
- Continue to offer termly cross-phase health afternoons to focus on physical and mental elements of the important of sport.
- Termly intra-inter competitions with a local primary school to ensure participation rates for both categories rise in all ages.
